Tips for Teaching Your Baby or Toddler to Count

- **Start early.** You can start teaching your baby to count as early as 6 months old. Simply start by counting out loud as you do everyday activities, such as changing diapers or getting dressed.
- **Make it fun.** Counting should be a fun and engaging activity for your baby or toddler. Use songs, games, and other activities to make learning to count enjoyable.
- **Be patient.** Learning to count takes time and practice. Don't get discouraged if your baby or toddler doesn't pick it up right away. Just

keep practicing and they will eventually get the hang of it.

- **Use real-life examples.** Counting is a skill that can be used in everyday life. Point out numbers and quantities to your baby or toddler as you go about your day.

Activities to Teach Your Baby or Toddler to Count

- **Sing counting songs.** There are many popular counting songs that can help your baby or toddler learn to count. Some of the most popular songs include "The Wheels on the Bus," "Five Little Monkeys," and "Ten Little Indians."
- **Play counting games.** There are several different counting games that can help your baby or toddler learn to count. Some of the most popular games include "I Spy," "Count the Objects," and "Roll and Count."
- **Use counting books.** There are many different counting books available that can help your baby or toddler learn to count. Some of the most popular books include "The Very Hungry Caterpillar" by Eric Carle, "Counting Crows" by Kathi Appelt, and "Ten Black Dots" by Donald Crews.
- **Use counting toys.** There are many different counting toys available that can help your baby or toddler learn to count. Some of the most popular toys include counting blocks, counting beads, and counting puzzles.
